INTRO

VERSE 1

I hear your voice
Even in the distance
Even in the silence
Even in the static

VERSE 2

I see you move
Even in the dark night
Even in the half light
Even in the stillness

PRE-CHORUS

And after the fire
And after the wind
When chaos subsides
I listen again
And after the earth shakes
You're calling me in
A voice in the quiet
A whisper within

CHORUS

When you speak
I am still
I believe
You are near
Speak to me
Draw me in
Where you are
I'll remain

VERSE 3

I feel your love
Even in the heartache
Even though my heart breaks
Even then your word stays

VERSE 4

I know you're here
Even when I'm broken
Even when I'm hopeless
I know where my hope is

INSTRUMENTAL 1

BRIDGE 1

There's hope when I'm hopeless
There's light in the darkest hour
There's peace when I'm restless
It's not over
It's not over

BRIDGE 2

There's grace when I'm anxious
There's joy when I'm brokenhearted
There's power in Jesus
It's not over
It's not over
