a = 61.77

b = 38.22

## **Our Mission:**

*Leaving an imprint on someone's faith journey (what a privilege that is), for guests to come in and if they didn't leave with anything at least they left saying "those people out there with the vests, the way they were smiling at me made me feel great"*

### **1. Who are we**

- We are the parking team. Why are we important? We are tone setter. What does this mean? We are the first and last smile people see when they visit Vous Church.
- Remember who we are but most importantly who we do it for.

### **2. What it requires**

- Community + Consistency + Commitment
  - Consistent commitment: Just keep coming back!
- (Your blessing could be sitting at your next appointment. Don't miss it because you didn't show up)
- Don't be a no show, be a let's go!!

Example:

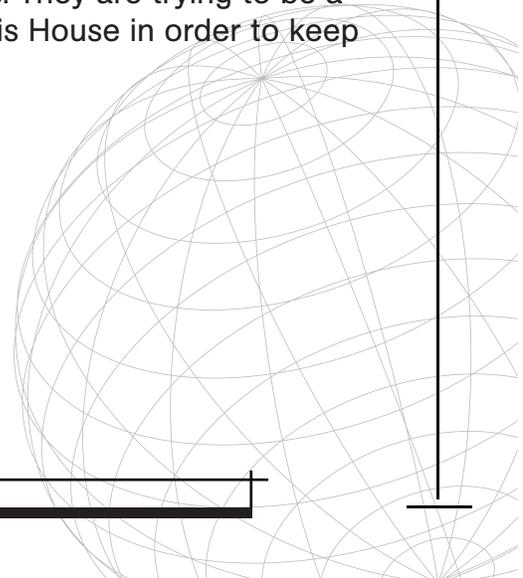

- Anything done is done with all your heart. The size of the task is irrelevant. Only issue is, does it need to be done? What tasks need to be completed that are being neglected?
- Small tasks often show big hearts. The little things determine the big things.
- Great opportunities often disguise themselves in small tasks

### **3. Why we do this and team position breakdown**

- For many people VOUS is more than a Sunday get together with friends. They are trying to be a part of a movement of what God is doing in the city of Miami. We serve His House in order to keep His people together and we count people because people count!
- We do this because its a privilege. We don't have to, we get to!
- Position breakdown and importance
